AUTHOR INDEX TO VOLUME 4.

AKABORI, Shiro und SUZUKI, Tazo. Katalytische Uebertragung von Wasserstoff zwischen organischen Verbindungen. I 198

ARIMA, Junzo. Ueber die Konstitution des Nodakenins, eines neuen Glucosids von *Peucedanum decursivum Maxim.* I 16

ARIMA, Junzo. Ueber die Konstitution des Nodakenins, eines neuen Glucosids von *Peucedanum decursivum Maxim.* II 113

ASAHINA, Tei-ichi. On Curtius and Goebels' glycine anhydride silver 75

ASAHINA, Tei-ichi. Spectrochemical study of amino-acid anhydrides. III. Light absorption of some N-substituted diketopiperazines and some other amino-acid anhydrides 202

GOTO, Kakuji. Sinomenine and disinomenine. Part VIII. On colour reactions of sinomenine and sinomenol 103

GOTO, Kakuji and SUDZUKI, Hideo. Sinomenine and disinomenine. Part IX. On acutumine and sinactine 220

GOTO, Kakuji and SUDZUKI, Hideo. Sinomenine and disinomenine. Part X. On synthesis of dimethylsinomenol and on sinomenolchinons 163

GOTO, Kakuji and SUDZUKI, Hideo. Sinomenine and disinomenine. Part XI. On the position of the double linking in sinomenine 244

GOTO, Kakuji and SUDZUKI, Hideo. Sinomenine and disinomenine. Part XII. On sinomenine-hydrate 271

GOTO, Kakuji and NAKAMURA, Teruko. Sinomenine and disinomenine. Part XIII. On the reduction of bromsinomenine 195

GOTO, Kakuji and SUDZUKI, Hideo. Studies on bimolecular alkaloids. Part I. On disinomenine and ψ-disinomenine 107

GOTO, Kakuji. Studies on bimolecular alkaloids. Part II. Reduction of disinomenine 129

HARA, Kenji. See MITSUKURI, Shinroku 77

HARADA, Taichi. Chemistry of thio-choline halide (trimethyl thioethyl ammonium halide). New thio-choline bromide and its derivatives. I 171

HARADA, Taichi. Reduction of trimethyl stannyl hydroxide in liquid ammonia . . . 266

IIMORI, Satoyasu and YOSHIMURA, Jun. A pink kaolin, and ruthenium as a minor constituent of the Tanokami kaolins 1

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of constituents being taken into consideration. I 5

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of constituents being taken into consideration. II 25

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of const tuents being taken into consideration. III 149

ISHIKAWA, Tetsuya. A viscosity formula for binary mixtures, the association degrees of constituents being taken into consideration. IV 288

IWASE, Eiichi. Studies on the coagulation of von Weimarn's Au-sols. I 120
KASHIMA, Kozo. On the thermal decomposition of fatty primary alcohols 177
KOMAGATA, Sakuji. Some notes on the theory of electro-osmosis. Part I 255
KUBOTA, Bennosuke and YAMANAKA, Tatsuo. On the promoter action in the catalytic oxidation of methane with steam 211
MASAKI, Kosaku. On the composition of the cyanide complex radical of metals. Part I. Silver cyanide complex radical 190
MIGITA, Masao. Electronic conception in organic chemistry. II. An interpretation of the rearrangements of trisubstituted α-glycols. 57
MIGITA, Masao. Electronic conception in organic chemistry. III. Dissociation and semihydrobenzoin rearrangement of αα-dimethyl-β-acetyl glycol 225
MITSUKURI, Shinroku and HARA, Kenji. Specific heats of acetone, methyl-, ethyl-, and *n*-propyl-alcohols at low temperatures 77
MIYAMOTO, Susumu. On the oxidation of stannous chloride in sulphuric acid solution by air and the dissolution velocity of oxygen into sulphuric acid solution . . . 48
MIYAMOTO, Susumu. On the oxidation of ferrous hydroxide by air. Supplement . . 65
MIYAMOTO, Susumu. On the oxidation of sodium sulphite by air in the presence of ferrous hydroxide and a theory of negative induced reaction 132
NAKAMURA, Teruko. See GOTO, Kakuji 195
PLATZMANN, C. R. Beiträge zur Kenntnis der allotropen Modifikationen von Schwefel. I. Zur Kryoskopie des Schwefels. 235
SAMESHIMA, Jitsusaburo. Sorption of gas by mineral. I. Heulandite and chabazite. 96

YAMANAKA, Tatsuo. See KUBOTA, Bennosuke 211

YOSHIMURA, Jun. See IIMORI, Satoyasu 1

YOSHIMURA, Jun. The radioactive constituents of hokutolites and other minerals in Japan 91

SUBJECT INDEX TO VOLUME 4.

Absorption spectrum of amino-acid anhydride 202
Acetone, specific heat of, ... 79
Acetone, viscosity of, ... 69
Acetylation of carbohydrate 21
Acetylation of starch 153
Acid clay 180
Acutumine 220
Air, oxidation of ferrous hydroxide by, ... 65
Air, oxidation of stannous chloride by, ... 48
Air, viscosity of, ... 285
Alcohols, specific heats of, ... 79
Alcohols, thermal decomposition of, ... 177
Alkali metals, reduction by, in liquid ammonia 266
Alkaloids, bimolecular. 107, 129
Allanite, radioactive constituents of. 92
Allotropic modifications of sulphur 235
Amino-acid anhydrides, spectrochemical study of, ... 202
Ammonia, reduction by alkali metals in liquid. 266
Ammonia, sorption of, by minerals. 96
Amyl alcohol, thermal decomposition of, ... 189
Arsenic sulphide dissolved in sulphur 242
Association degree and viscosity of binary mixture 5, 25, 149, 288
Asymmetric oxidation 142
Azlactone of benzaldehyde and of furfural 209

Benzoylchloride, reduction of, ... 200
Benzylamino-acetic acid, light absorption of, ... 206
Benzyl benzoate, association degree of, ... 290
Bimolecular alkaloids 107, 129
Binary mixture, viscosity formula for, ... 5, 25, 149, 288
Bis-demethyl-sinomenyliden 248
Bis-8, 8′-demethoxy-dihydro-sinomenine 246
Bromo-choline bromide 173
Bromosinomenine, reduction of, ... 195
Butyl alcohol, thermal decomposition of, ... 186

Capillary, electric current through, ... 262
Capillary, electro-osmotic flow in, ... 259
Carbohydrate, acetylation of, ... 21
Carbon dioxide, sorption of, by minerals. 96
Catalytic oxidation of methane with steam 211
Catalytic transference of hydrogen 198
Chabazite, sorption of gas by, ... 100

Charcoal, sorption of gas by, ... 125
Chromic acid, electrolytic reduction of, ... 156
Chromic trioxide, colloidal, ... 156
Cinnamic acid, reduction of, ... 199
Coagulation of gold sol 120
Cobalt complex salt, optical rotation of, ... 145
Colloidal chromic trioxide 156
Colloidal gold, coagulation of, ... 120
Colloidal gold, synthesis of, ... 35
Colour reaction of sinomenine 103
Cryoscopy of sulphur 235
Cumarin, reduction of, ... 200
Curtius and Goebel's glycine anhydride silver 75
Cyanide complex radicals, composition of, ... 190

Decomposition of fatty primary alcohols. 177
Demethoxy-desoxo-dihydro-sinomenine 252
Demethoxy-dihydro-sinomenine 251
Demethoxy-sinomenine-hydrates 273
Diacetyl-leucine anhydride, light absorption of, ... 208
Dihydro-sinomenine 131
D.hydro-thebainone 246
Diketopiperazines, light absorption of, ... 202
Dimethyl-acetyl-glycol 225
Dimethyl-sinomenol, synthesis of, ... 163
Disinomenine 103, 107, 129, 163, 195, 220, 244, 271
Disinomenine, reduction of, ... 129
Dispersoidal synthesis of gold 35
Dispersoidal synthesis, theory of, ... 37
Dissolution velocity of oxygen into H_2SO_4 solution 48

Electric current through capillary. 262
Electronic conception in organic chemistry 57, 225
Electro-osmosis, theory of, ... 255
Ethyl alcohol, association degree of, ... 294
Ethyl alcohol, specific heat of, ... 79
Ethyl alcohol, thermal decomposition of, ... 183
Ethyl ether, association degree of, ... 294
Ethyl ether, viscosity of, ... 70
Ethylene, sorption of, by minerals. 96
Eugenol, reduction of, ... 200

Fatty primary alcohols, thermal decomposition of, ... 177
Fermentation products, furfurols in, ... 31
Ferrous hydroxide, oxidation of, by air 65
Formaldehyde, dispersoidal gold synthesis by, ... 40
Freezing point depression of sulphur 235
Furfurols in fermentation products 31

Gas, sorption of, by minerals 96
Gas, sorption of, by porous matter 125
Glucose solution, distillation of, ... 32
Glycine anhydride silver 75
Glycol, dissociation of, ... 227
α-Glycols, rearrangements of trisubstituted, ... 57
Gold, dispersoidal synthesis of, ... 35
Gold sol, coagulation of, ... 120
Guaiacol, association degree of, ... 292

Heat of fusion of sulphur. 242
Helium content of Japanese minerals 111
Heulandite, sorption of gas by,. 97
Hiragonic acid 85
Hokutolite, radioactive constituents of, ... 91
Hydantoin, light absorption of, ... 208
Hydrogen, catalytic transference of, ... 198

Induced reaction, negative, ... 132
Iso-butyl mercaptals of sugars 264

Kaolin from Tanokami 1

Mercaptals of sugars 264
Methane, catalytic oxidation of, ... 211
Methyl alcohol, specific heat of, ... 79
Methyl alcohol, thermal decomposition of, ... 181
Minerals, helium content of, ... 111
Minerals in Japan, radioactive constituents of, ... 91
Minerals, sorption of gas by, ... 96
Molecular association and viscosity of binary mixture 5, 25, 149, 288
Multiplet hypothesis 212

Negative induced reaction, a theory of, ... 132
Nicotine, dehydration of, ... 201
Nodakenetins 16, 113
Nodakenins, constitution of, ... 16, 113

Oleic acid, reduction of, ... 200
Optical rotation of cobalt complex salt 145
Oxidation, asymmetric, ... 142
Oxidation of ferrous hydroxide by air. 65
Oxidation of sodium sulphite by air 132
Oxidation of stannous chloride by air 48
Oxygen, dissolution velocity of, into H_2SO_4 solution 48

Peucedanum decursivum Maxim, a new glucoside in, ... 16, 113
Phenol, association degree of, ... 296
Phenyl glycocoll, light absorption of, ... 206
Phenyl urea, light absorption of, ... 209
Pink kaolin from Tanokami 1

Piperidin, dehydration of, ... 201
Porous matter, sorption of gas by, ... 125
Promoter action in the catalytic oxidation of methane 211
Propyl alcohol, association degree of, ... 295
Propyl alcohol, specific heat of, ... 80
Propyl alcohol, thermal decomposition of, ... 185

Radioactive constituents of hokutolites etc. 91
Radium contents in minerals 93
Rearrangement of trisubstituted α-glycols 57
Red dispersoidal gold solutions 40
Rotation, optical, of cobalt complex salt 145
Ruthenium in kaolins 1

Sardine oil, higher unsaturated acids in, ... 85
Selen tetrachloride dissolved in sulphur 243
Semihydrobenzoin rearrangement of dimethyl acetyl glycol 226
Silver cyanide complex radical 190
Sinactine 220
Sinomenine and disinomenine 103, 163, 195, 220, 244, 271
Sinomenine hydrate 271
Sinomenol-chinons 163
Sodium, reactions of, in liquid ammonia 266
Sodium sulphite, oxidation of, by air 132
Solventolysis 39
Sorption of gas by minerals 96
Sorption of gas by porous matter 125
Specific heats of organic liquids at low temperatures 77
Spectrochemical study of amino-acid anhydrides 202
Stannous chloride, oxidation of, by air 48
Starch, acetylation of, ... 153
Starch, dissolution of, ... 153
Sugars, mercaptals of, ... 264
Sulphur, allotropic modifications of, ... 235
Sulphur, cryoscopy of, ... 235
Sulphur, heat of fusion of, ... 242

Tetrahydro-chinolins, dehydration of, ... 201
β-Tetrahydro-desoxy-codein 247
Tetrahydro-disinomenine 129
Thermal decomposition of fatty primary alcohols 177
Thio-choline halide 171
2-Thio-uracil 172
Thorium contents in minerals 93
Tin, organic compounds containing, ... 266
Triacetyl starch. 155
Trimethyl stannyl hydroxide in liquid ammonia 266
Trimethyl stannyl iodide 268
Trimethyl thio-ethyl ammonium halide 171
Trisubstituted α-glycols, rearrangement of, ... 57

Vapours, viscosity of, ... 277
Viscosimeter for gas and vapour 277
Viscosity and molecular structure 149
Viscosity formula for binary mixtures 5, 25, 149, 288
Viscosity of air 285
Viscosity of gaseous mixture 26
Viscosity of liquids above their boiling points 68
Viscosity of vapours of organic compounds 277

Xenotime, radioactive constituents of, ... 92
X-ray absorption of kaolin 2
